Interest Form:

Online Corporate Database

Unsure of what companies to apply to? Or what to mention when talking to a recruiter of a certain company? Use our online corporate database to find all the information we have about +200 companies, academic/research labs, and nonprofits!

1. Filter by what you are looking for
2. See which places fit you better
3. Bookmark your favorite ones for easy access wherever you are!

COMPANY PROFILE

MICROSOFT
"N/A"

Microsoft

OVERVIEW
Microsoft Corporation is engaged in developing, licensing, and supporting a range of software products and services. The company also designs and sells hardware, and delivers online advertising to its customers. It operates in five segments: Windows & Windows Live Division (Windows Division), Server and Tools, Online Services Division (OSD), Microsoft Business Division (MBD), and Entertainment and Devices Division (EDD).

MISSION
Our mission is to empower every person and every organization on the planet to achieve more.

GOALS
Develop new forms factors that have increasingly natural ways to use them including touch, gestures and speech. Making technology more intuitive and able to act on our behalf instead of at our command with machine learning. Building and running cloud services in ways that unleash incredible new experiences and opportunities for businesses and individuals.

BUSINESS MODEL/OPERATIONS HIGHLIGHT
Microsoft develops and markets PC operating systems, related software and online services, and PC hardware products. This collection of software, hardware, and services is designed to simplify everyday tasks through seamless operations across the user's hardware and software and efficient browsing capabilities.

MAJORS
Computer Engineering, Computer Science, Electrical Engineering
